

MEMORIAL HALL LOCATION DECIDED

Cunningham Property, Corner of Elizabeth and Elm Streets Selected.

The people of Lima and Allen County have been waiting patiently since the appointment of the five Trustees, who were delegated to construct the Memorial building, for them to select the site on which that \$130,000 structure would be located, and the announcement is made today that the board met this morning and selected the Cunningham-Mitchell properties, on the northeast corner of Elm and Elizabeth streets.

The section secured embraces a quarter of the square, 200x200 feet which will give the building the advantage of being set completely apart from any other structure. The original offer made for this property was \$20,000 but it was finally cut to \$17,000, the price accepted by the Trustees at their meeting this morning. The board is satisfied that they acted wisely when prices and locations of the other sixteen offers are brought into comparison.

The Trustees appointed the secretary and assistant secretary to prepare a resolution for the acceptance of the county commissioners, covering the bond issue, and this was done yesterday in the following form:

Be it resolved, That the series of bonds shall be of \$1,000 denomination, retiring at the rate of \$5,000 semi-annually, the first bonds in that sum being retired on the first day of March, 1910, and the same amount (\$5,000) being retired every six months thereafter, which would require until Sept. 1st, 1922, to retire the last \$5,000 of the entire series of \$130,000. The bonds to be issued shall bear date of March 1st, 1907, and the interest shall be payable semi-annually at the rate of 4 1/2 per cent.

A tabulated statement of the entire series is attached.

The next step is the employment of an architect, one of the most important acts yet to be carried out, and in this regard letters of instruction will be sent to the various architects by the secretary, covering to some extent the ideas of the trustees in the erection of the building.

STOVE PLANT IS GUTTED BY FLAMES

Loss to Detroit Factory is Estimated at \$750,000.

RUNAWAY FIRE WAGON BADLY INJURES FIVE—THREE OF WOUNDED PEOPLE ARE EXPECTED TO DIE—TWENTY-HUNDRED MEN EMPLOYED IN PLANT.

Detroit, Jan. 3.—Fire gutted a major portion of the plant of the Michigan stove works on Jefferson avenue last evening, causing a loss estimated at \$750,000, while the entire plant was insured for but \$380,000.

Upwards of 15,000 gas and coal stoves were ruined and of the tremendous plant, covering an area of 10 or 12 acres, only the office building, the foundries and part of the storage building were saved. Less than two-thirds of the entire establishment.

Several firemen were injured by falling debris and half a dozen spectators were hurt when the horses attached to one of the fire department wagons ran away into the enormous crowd that lined the street opposite the burning plant.

Five of the people injured in the runaway were taken to hospitals. An unidentified man is dying at St. Mary's hospital, with his skull crushed by the horses' hoofs; Joseph B. Tack is in a critical condition with a fractured skull; Mrs. Joseph Tack, his wife, has a broken thigh and lesser injuries and two men named Dixon and Brady have injuries which will not prove fatal. None of the firemen was seriously injured.

Spontaneous combustion among the stored coal is the only cause that can be assigned for the fire. The plant will be rebuilt as soon as possible.

The fire broke out soon after 6 o'clock in the buildings at the rear of the plant, which employs a total of 1,200 men. It spread with tremendous rapidity and by the time the first detachment of the fire department arrived was beyond their control.

A general alarm was sent in for all the apparatus in the city, and for three hours, there ensued the hardest fight the firemen have had in this city for several years.

Glare visible five miles.

The glare of the flames was visible for five miles and enormous crowds of people were attracted to the scene, crowding the adjacent streets and necessitating the calling out of all the police reserves to keep them out of danger. One of the features of the fire was the collapse of a huge stove as large as the average house, which was one of the exhibits in the Manufacturers building at the world's fair in 1893. It stood upon a pedestal in front of the plant and was crushed down by a falling wall.

EMPTY HANDED

DEPUTY SHERIFF BAXTER RETURNED AFTER HIS SEARCH FOR FREDDIE RUPERT, JUVENILE JAIL BREAKER.

Freddie Rupert, boy jail breaker, is still at liberty, the search for him having been in vain.

The boy's mother, however, admitted to Deputy Sheriff Baxter, who went to Elida and Bluffton in quest of the lad, that the runaway had spent Monday night with her and left early in the morning. This indicates that he made his escape early in the evening, probably just after being given his supper. He had a little money and it seems probable that he has gone to join his father in the Casey, Ill., oil field.

Miss Jose Gunther and Messrs. R. J. Deenbuck, J. E. Corcoran and Vernon B. Arnold were among the Wapakoneta people who were in Lima yesterday.

DANDELIONS BLOOM AS IN SPRINGTIME.

"Good Old Summer Time" Reminder Here in Ohio.

Norwalk, O., Jan. 3.—Residents of this city have been strongly reminded of the "good old summer time" within the past twenty-four hours. Dandelions, fresh and bright as in spring time, are numerous in this vicinity. People were awakened early this morning by loud claps of thunder, accompanied by vivid flashes of lightning. A flock of wild geese flying northward is taken as evidence that the seasons have been badly mixed.

COLD WAVE SWEEPING THROUGH PHILIPPINES.

Much Suffering Reported Among Natives Shy of Clothing.

Manila, Jan. 3.—A cold wave is sweeping over Luzon, and the adjacent islands. The temperature at Manila is 55.6 degrees, while at Baguio, capital of the province of Benguet, it is thirty. This is the coldest weather ever experienced in the history of Manila. In 1872 the temperature was 56.6. The natives are suffering, as they are not provided with clothing for cold weather.

WHOLE HOG OR NONE

MAY BE SAID TO BE THE RALLYING CRY OF LITIGANTS IN CASE STILL BEING HEARD BY THE MAYOR-TRIAL ATTRACTS MANY SPECTATORS.

DEFENSE IN ORWIG CASE CLAIMS THAT HE OWNED A THOROUGHBRED DUROC OF THE SAME SIZE AS THE ONE STOLEN FROM MR. BRESEE.

The case of the State vs. David Orwig, charged with the larceny of one thoroughbred Duroc hog from the farm of Mr. D. L. Bresee in Shawnee township, which began yesterday, is still on trial before Mayor Robb and a jury.

Shortly before noon today the State rested and Attorney Secrest, for the defense, asked that the jury be given a recess, while he offered a couple of motions. The first of these was for the exclusion of the testimony of B. F. Thomas as irrelevant. The second was that the court direct a verdict for the defense on the ground that the prosecution had wholly failed to make a case.

The first of these motions was granted. The other was overruled. The examination of witnesses for the defense was then begun and was continued this afternoon. It is possible but not probable that the case will go to the jury this afternoon.

\$1,000.25

IS THE AMOUNT INVOLVED IN AN ATTACHMENT SUIT BEGUN IN THE COMMON PLEAS COURT TODAY.

An attachment suit for one thousand dollars and twenty-five cents was begun in the common pleas court today, the plaintiff being James R. Ballard vs. Peter J. Columbus.

An order of attachment and garnishment was issued against L. Pappas, the Metropolitan Bank and William H. Duffield, cashier of the bank.

When Deputy Sheriff Baxter went to the candy kitchen of the defendant at the southeast corner of the square to serve the attachment Mr. Columbus declared that he did not own the establishment. However, the plaintiff gave bond to the sum of one thousand dollars to protect the officials, and the papers were served.

The amount is claimed to be due for money borrowed and interest. Esquire E. G. Dempster is the attorney for the plaintiff.

HIS ARM

Crushed and Held in the Huge Machine, the Foreman Calmly Directed the Work of Rescue.

Toledo, O., Jan. 3.—With his right hand and a portion of the forearm crushed to a pulp between two cylinders of a huge printing press, over half an hour, at the last of last night, Henry L. Kummner, assistant foreman in the work of his rescue.

Efforts to reverse the cylinders proved futile and the pressmen went to work with frantic energy to take the massive machinery apart. Even when the last bolt was drawn it was necessary to pry up the heavy steel rollers with levers before they would release their victim. When at last Kummner was able to draw his maimed arm from the press, and his fellow workmen staggered away on the verge of collapse, he calmly refused support, walked out onto the dross and extended the ghastly member for the physicians to swathe in temporary bandages. Kummner was then taken to the Toledo Hospital, where his hand was amputated above the wrist.

TOO POOR

To Give His Child a Decent Burial and Peterson Cremated His Remains in a Furnace.

Chicago, Jan. 3.—Charles Peterson was arraigned today before Municipal Judge Himes on the charge of having cremated the corpse of his child in a foundry where he was employed. The child died six days ago and Peterson was without sufficient funds to give it proper burial. He held the body in the house five days, hoping to secure sufficient funds for a funeral. Occupants of adjoining buildings, who knew of the child's death, complained to the police that no steps had been taken to inter the body, and when the officers visited Peterson today he informed them that, despairing of being able to obtain enough money to bury the child in decent fashion, he had carried the body to the foundry where he was employed and had burned it in one of the furnaces.

Peterson was fined \$25 by Judge Himes.

The shoe button had caused all the trouble and the boy will recover. The boy was recently adopted by David Harmon from the Cincinnati Children's home.

The Trustees transacted considerable business, the most important aside from the above, being the disposition of sheep claims amounting to about \$200.

VERNAL WEATHER

Of the Past Few Days Has Endured Fishworms and Dandelion Rhinoceroses From the Earth.

Although the air has a wintry crispness about it today, but that the weatherman has been giving us some typical spring days in the very heart of winter is shown by the appearance of fish-worms on the surface of the ground in all parts of the city during the past few days.

During the past few days, dandelions have been in bloom on many of the lawns of the city and similar reports come from Sandusky, Norwalk and many other northern and northwestern Ohio towns.

PINNED Under Monster Engine

PLUCKY CONDUCTOR REMAINED CONSCIOUS WHILE A SURGEON AMPUTATED HIS MANGLED LEG.

New York, Jan. 3.—The nerve and resourcefulness of Dr. Plecek, a young ambulance surgeon of Fordham Hospital, saved the life of Chas. Fisher, a freight conductor of the New Haven Railroad, yesterday after Fisher had been pinned under the wheels of an "elephant" engine in the Van Nest Yards.

For three hours Fisher was held under the wheels, both legs hanging by shreds, until a wrecking crew lifted the monster engine and got him free. At no time during the ordeal did the plucky conductor lose his wits.

Creeping in under the firebox Dr. Plecek amputated Fisher's left leg and stanchied the flow of blood by tourniquets. Then, by the administration of stimulants, he kept Fisher conscious while he was performing the operation. Three hours later Fisher's right leg was removed close to the body at Fordham Hospital. He declared, and the surgeons sustain his belief, that he is going to live.

"I've got to live for the wife and babies," was Fisher's way of putting it.

In attempting to swing on the foot-board of the locomotive his foot slipped and both legs went under the trailers behind the three big drivers. Marion Valentine, the engineer, threw on the air so quickly that the engine stopped with a jerk, but not until Fisher's left leg had been practically severed by the front wheel of the two trailers, while his right leg was jammed up against the rear trailer.

All this happened about 1 a. m. and it was nearly 2 o'clock before Dr. Plecek got to the scene, after a wild ride from Fordham Hospital. He sized up the situation at a glance and, pulling off his reefer, wriggled under the firebox and set to work to relieve Fisher.

"Can you hold out for a couple of minutes?" Dr. Plecek asked Fisher.

"Right up to the limit," echoed back Fisher. "But don't throw any dope into me."

All through the operation Fisher talked to his companions and told the doctor he was feeling "fine."

BEATEN INSENSIBLE AND TIED TO RAILROAD TRACKS

FARMER REGAINS CONSCIOUSNESS AND RELEASES HIMSELF AFTER DESPERATE STRUGGLE JUST IN TIME TO AVOID BEING GROUND TO BITS BY TRAIN—FRIGHTFUL CRIME OF ROBBERY.

Pittsburg, Pa., Jan. 3.—After being beaten by highway robbers and with his son lying unconscious nearby, Frank Mason, a farmer, was tied to the tracks of the Pennsylvania railroad near Beaver last night and escaped being crushed to death by wrenching himself free of his bonds just as the Cleveland-Pittsburg flyer was thundering down upon him.

Mason was driving along a country road, preceded a short distance by his son with another team. Two men jumped for Mason and demanded his money.

Mason showed fight and was battling with the robbers when his son, missing his father, turned back and was almost instantly knocked unconscious.

The older man, infuriated by the treatment of his son, renewed his fight and was beaten into insensibility with stones.

His body was then dragged to the railroad tracks and tied to the rails. Regaining consciousness, Mason began to struggle to release himself. He had almost abandoned hope when he heard the rumble of the approaching flyer. With a last desperate effort he managed to tear himself free and crawl from the track just as the headlights of the engine sent a gleam along the rails where he had been lying.

The son was found later unconscious in the road and was revived with difficulty.

Both men will recover though their injuries are serious.

Persian Shah is Dead at Teheran

Public Announcement of the Ruler's Demise Was Made Today.

London, Jan. 3.—The Daffi Mall's correspondent at Teheran, in a telegram sent last night at 11.50 o'clock says:

"The Shah of Persia died this evening, though no public announcement of the fact will be made until tomorrow."

"It was evident yesterday that the end was rapidly approaching and four injections of camphor were employed to prolong the ruler's life."

"All the Shah's vital functions were suspended today and at 5 o'clock the heir apparent and the ministers were summoned. The women of the palace also began preparations for mourning."

"Soon after sunset the doors of the harem were closed. This was the sign that all was over."

"The news of the Shah's death reached the foreign ministers late this evening, but the public is still unaware of his majesty's end. The streets are deserted and the city is in darkness."

Mohammed El Mirza, eldest son of the Shah, will succeed to the throne.

Muzaffar-Eddin was born at Teheran March 25, 1852, and succeeded his father, Nasr-Eddin, on the death of the latter May 1, 1896. Muzaffar-Eddin was the second son of the Nasr-Eddin, but was appointed heir to the throne.

Nasr-Eddin was assassinated May 1, 1896, in the mosque of Abdul Azim, near Teheran, and while Muzaffar-Eddin ascended the throne the same day it was not until June 8, 1906, that he was formally invested with sovereign power. Reports of his ill-health have been circulated from time to time.

PLOT TO KILL ALL WHITE OFFICERS

Negro Soldiers Said to Be in Conspiracy to Murder.

STARTING REVELATIONS IN BROWNSVILLE AFFAIR—ARMY CHIEFS ALL GOING HEAVILY ARMED TO PROTECT THEIR LIVES—MORE ARRESTS ARE EXPECTED.

El Reno, Okla., Jan. 3.—Belief of the army officers at Fort Reno that a conspiracy to murder every white officer at Fort Reno, beginning with Capt. Edgar A. Macklin, against whom it is said many negro soldiers at the post entertain a grudge as a result of the affair at Brownsville, Tex., and the discharge of the negro soldiers that followed, became known yesterday as the result of the preliminary hearing in the case of Edward L. Knowles, corporal of Company A, Twenty-fifth infantry, who was held on a charge of assault with intent to kill Capt. Macklin on the night of December 21. Knowles was bound over to await the action of the Canadian county grand jury at the coming term of court.

All of the officers now go heavily armed and protected throughout the night.

Every effort has been made by the officers of the post to keep the

alleged conspiracy secret, but it is learned that an investigation is now being conducted at several army posts and important places throughout the country and within a short time several arrests of members of the troop recently discharged in disgrace are expected to follow.

Information was received here last night that the arrest of a negro soldier was made at La Junta, Colo., yesterday.

Suspicion rests upon negro soldiers at Fort Niobrara, Nebraska, and at three other points.

The arrest of these men had been postponed until the hearing in the case of Corporal Knowles was concluded yesterday at Fort Reno, when it was hoped that some further information would be secured tending to incriminate other persons in this alleged conspiracy.

Following the hearing of Knowles, United States Marshal Madsen secured a warrant for the arrest of one of the witnesses for the defense, charging perjury. The man was apprehended but his name could not be learned. Twenty witnesses testifying for the most part for the defense, were examined at length.

by a Temperance Doctor**

Dr. T. P. Palmer, Rives, Tenn., heartily endorses Duffy's Pure Malt Whiskey, the great renewer of youth.

Dr. Palmer, who is a strong temperance man, praises Duffy's Pure Malt Whiskey as a "medicine and for medical use only." He writes:

"I endorse Duffy's Pure Malt Whiskey as a medicine and for medical use and for nothing else. I oppose intemperance and favor all laws that tend toward the suppression of drunkenness."—T. P. Palmer, M. D. Rives Tenn., Aug. 9, 1906.

Dr. Palmer is one of many thousands of doctors throughout the United States, who prescribe Duffy's Pure Malt Whiskey whenever a tonic stimulant is needed.

Duffy's Pure Malt Whiskey

The leading hospitals throughout the world use Duffy's Pure Malt Whiskey as the only alcoholic medicine for convalescents. If you wish to keep strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions, and take no other medicine. It is dangerous to fill your system with drugs. They poison the body and depress the heart, while Duffy's Pure Malt Whiskey tones and strengthens the heart action and purifies the entire system. It is recognized as a medicine everywhere. Duffy's Pure Malt Whiskey has been analyzed and tested by chemists for the past fifty years, and has always been found absolutely pure and to contain great medicinal properties.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the one absolutely pure medicinal whiskey and is sold only in sealed bottles—never in bulk. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Price, \$1.00. Illustrated booklet and doctor's advice free. CONTINUOUS ROUND OF PLEASURE

FOR THE KNIGHTS OF THE ROAD WHO CARRY THE DEISEL-WEMMER PRODUCTS TO ALL SECTIONS OF THE UNION.

TRAVELING SALESMEN LAVISHLY ENTERTAINED LAST EVENING BY MR. HENRY G. WEMMER AT HIS RESIDENCE.

"One continuous round of pleasure" is what the Deisel-Wemmer company appears to be giving the corps of its traveling salesmen who are now in the city.

Night before last they were banqueted at the Manhattan and last night they were entertained by Mr. Henry G. Wemmer at his splendid home on west Market street.

It is the custom of the Deisel-Wemmer company to annually call in all its salesmen to the factory and go over with them their experiences of the past year, and these experiences are exchanged or "traded" among the salesmen, so that each may profit by the profitable experiences of all the others, and learn all the good possible, in a business way, from each other. Each one in his intercourse with the others drops a hint about this or about that which is valuable as a pointer to all, while the officials of the company are in this manner enabled to talk to them all relative to the ensuing year, to tell of prospective additions to the line, of how to get at this or at that matter when working territory; business methods between salesman and office or factory are discussed, and, in fact, every detail of the business from the raw material to the discount on bills is gone over, so that when the men go out again to their territory they do so more nearly cigar makers and manufacturers, thoroughly equipped to talk cigars from leaf to smoker, to meet every point made by an unwilling customer, and, in short, more fully equipped to get the orders.

They come at the company's expense every year at this season, and it goes without saying that the week they spend in Lima is one of the most enjoyable they experience during the entire year, for absolutely nothing within the power of the members of the firm is left undone to make their stay enjoyable and to cause them to remember the visit throughout the year and long for the time of the next pilgrimage to Lima. They have been dropping in for the past four or five days, until last night all but four were present. Two of these were unable to be here on account of illness, while the remaining two were detained by business reasons. These were Messrs. King and Hersher, of the Pacific Coast, Colwell, of Illinois and Indiana, and Os Smith, of southern Ohio, who is now at Asheville, N. C., recuperating his impaired health.

Those salesmen present last night were: Messrs. Hartman, of Kansas City; Teague, of Omaha; Johnson, of Dallas; Dunkin, of Atlanta; Fleckies, of Chicago; Wade, of Boston; Weaver, of New York; Britton, of Toledo; Hood, of Indianapolis; McGinnis, of Des Moines; Ritter, of Cuba; William Deisel, of Milwaukee, and Weinfield, of this city.

In addition to the host, Mr. Henry G. Wemmer, general manager of the company, there were Mr. Henry Deisel, president; Mr. William Wemmer, vice president; Robert J. Plate, secretary of the company; Mr. A. E. Wemmer, of the office staff, Mr. Charles Hosselmann, factory superintendent, and Mr. John Eckler, of Cincinnati, an extensive leaf tobacco dealer.

Not the least attractive feature of the evening was the splendid spread, the menu of which follows:

Waters French Bouillon
Roast Spring Chicken
Oyster Dressing
Laubenheimer Wine
Al Gratin Potatoes
Ice Cream
Rouquefort Cheese
Coke
Coffee
Mumma's Extra Dry.

Although the affair was strictly a "tag" one and by no means formal it was one of the most elaborate given in Lima in many a moon, and was thoroughly enjoyed not only by those who carry the name and fame of El Verano, General Stark and San Felipe to the uttermost parts of America, as well as by the genial host himself.

ASKS FOR DIVORCE
AND IS TOO POOR TO PAY THE COSTS OF THE SUIT—SECOND "PAUPER" PETITION OF THE YEAR FILED YESTERDAY.

In the Common Pleas Court yesterday afternoon a petition was filed by Rebecca W. Wright for divorce from Daniel E. Wright.

The petitioner alleges that the defendant deserted her in September 1902, and has been willfully absent for more than three years. He has, she says, also failed and neglected to support her or their children: Peter A. Wright, aged 18 years; Mary C. Wright, aged 11 years; and Estella B. Wright, aged 15 years.

She asks for a decree of separation, the custody of the children and such other relief as she may be entitled to under the law. Russell L. Armstrong is her attorney.

Mrs. Wright is the second petitioner for divorce this year, and like her predecessor, she makes affidavit that she is indigent and unable to pay the costs of the suit.

DELPHOS GIRL

DEAD AT GRAND RAPIDS—HAB BEEN TRAVELING WITH A VAUDEVILLE COMPANY AND LOST HER POSITION—TOOK POISON.

Jacob Hunsaker, of Delphos, yesterday received a telegram from Grand Rapids, Mich., announcing the death of his grand-daughter, Edna Seltz, who died in that city. Deceased was a daughter of Samuel Seltz, formerly of Delphos. A dispatch from Detroit says of her death:

Edna Seltz, aged 17, member of a vaudeville company, who took poison nearly a month ago while in Grand Rapids, Mich., because she lost her position died this morning, and unless her father, E. F. Seltz, a plumber in Marion, Ind., or her grandfather, Mr. Hunsaker, of Delphos, O., sends for the body it will be buried in a pauper's grave. The dead girl told friends that she was lured away from her home by the glitter of the footlights and promise of an easy life upon the stage. When she lost her position she was too proud to ask assistance and took the poison sooner than starve. Her relatives have been notified.

Doctors Admit
That They Can Do Nothing More For Your Stomach Than Stuart's Dyspepsia Tablets are Doing Every Day.

COSTS NOTHING TO TRY.
According to the expert analysis of government authorities in the United States and Great Britain, Stuart's Dyspepsia Tablets contain the exact elements provided by nature for digesting food in the healthy stomach.

Stuart's Dyspepsia Tablets have saved sufferers from stomach disorders millions of dollars by giving them, in one small 50 cent package, more relief than countless treatments by physicians would bring about at \$3.00 per visit.

Perhaps you are afflicted with dyspepsia—or some kindred disease arising from a disordered digestion. It may be heartburn, heartburn, palpitation, liver trouble, indigestion, nervous debility. They all have their beginning in a stomach which does not secrete the juices or grind the food which is taken into it.

If we urge you to send for a free trial package of Stuart's Dyspepsia Tablets. It will cost you nothing and surely will bring you no gain unless you find, after using it, that you are benefited and feel that you need a full-sized package.

There is absolutely no danger in using Stuart's Dyspepsia Tablets. Nothing is contained in them that has not been subjected to the closest scrutiny by the government officials.

Stuart's Dyspepsia Tablets will digest your food without demanding a careful diet. One grain of these Tablets has power to digest 3,000 grains of ordinary food. You can be sure therefore that no matter what your condition, these little tablets taken after each meal will shortly restore your stomach to its normal condition and render it capable of doing its work unassisted.

We withhold the names of hundreds who have written us voluntarily expressing their gratitude to this simple substitute for nature.

Send for trial package today, F. A. Stuart Co., 70 Stuart Bldg., Marshall, Mich.

EX-GOV. OF OREGON USES PE-RU-NA IN HIS FAMILY

For Colds and Finds It An Excellent Remedy.

A Letter from the Ex-Governor of Oregon.

STATE OF OREGON, EXECUTIVE DEPARTMENT, The Peruna Medicine Co., Columbus, Ohio.

Dear Sirs:—I have had occasion to use your Peruna medicine in my family for colds, and it proved to be an excellent remedy. I have not had occasion to use it for other ailments.

Yours very truly, W. M. Lord.

It will be noticed that the Governor says he has not had occasion to use Peruna for other ailments.

The reason for this is that most other ailments begin with a cold.

Using Peruna promptly to relieve colds, he protects his family against other ailments.

This is what every other family in the United States should do. Keep Peruna in the house.

Used Per-u-na in the Family Eight Years.

Mrs. Josephine Gillen, 345 Morris St., Portland, Ore., member Patrons of Husbandry, writes:

"Peruna has proven itself of such untold value to us that we are glad to give it due praise. We have had it in the home for more than eight years.

"It restores health in a few short weeks, takes away headaches and backaches, increases the appetite and restores lost nerve force. It is a specific for colds and catarrh."

Mr. Hiram A. Stiles, Middleton, Mass., who has reached the age of 82 years writes:

"I have taken several bottles of Peruna with good results. I cheerfully recommend it to all who are afflicted."

"As a cure for catarrh and a tonic for general debility it is seldom equalled."

SOUVENIR SAMPLES TO LADIES

AMUSEMENTS

The Astor-Singer Company proposes to present at Faurot Opera House on Friday night the latest Chicago musical success, entitled "The Time, The Place and The Girl."

This attraction has been the feature of Chicago theatricals for six months since the beginning of its engagement, and it is likely to remain in that pleasant situation for as much longer as its managers care to have it.

Frank R. Adams and Will M. Hough are the authors of its music. The leading character in the play is that of Happy Johnny Hicks, played with rare ability by Arthur Deane—a square young gambler, good-hearted and honorable, and blessed with a philosophy as golden as the sunshine.

Hicks with his rich young friends, Tom Cunningham and Larry Farnham, participate in a "scrap" in a Boston gambling house, and Cunningham smokes one of his opponents over the head with a wine bottle, thus putting him out of the gambling business for awhile. They escape to a sanitarium, where Cunningham meets his lady love, and where Hicks encounters his fate in the person of the pretty head nurse.

The threatened approach of the officers of the law prompts Cunningham to ask Hicks to take the blame for the escapade—else his love chase will be futile. Hicks does this and then learns that the injured man is brother to Molly Kelly, the head nurse, and the apple of his eye.

The chief charm of the play is found in the two characterizations of Molly Kelly and Johnny Hicks. Both of them are unusual to stage conventionality, and their colloquies, bristling with smart, epigrammatic slang, are to be classed among the most legitimately funny incidents of musical comedy. There are ten attractive musical numbers in Mr. Howard's score, all of them what the popular-song public terms "Hits." They have had the sanction of every concert band and café orchestra in Chicago for the past six months.

The chorus is one of the most attractive clusters of available beauties which the LaSalle Theatre has sent out to the waiting world. It was drilled and drilled well by Ned Wayburn, for whose work it may be said that it is strikingly original and never obtrusive.

Mrs. W. E. Hoover has gone to San Francisco for a two months' visit with friends and relatives.

"TONGUE LINE" is an antiseptic, kills the Sore Throat germs and cures the condition which produces Sore Throat and the tongue. The first dose gives relief, and a few doses cure.

A quick, safe, soothing, healing, antiseptic cure for Sore Throat, Tongue Line, and all throat troubles.

Knights of the Maccabees

PUBLICLY INSTALLED OFFICERS LAST EVENING AND A LARGE AUDIENCE ENJOYED A MAGNIFICENT PROGRAM.

The public installation of the officers of the Knights of the Maccabees, No. 142, K. O. T. M., which occurred last night at a forenoon in yesterday's NEWS was a big success and the program which followed was one of the best ever given by a secret order in the city.

The Schubert Mandolin club under the direction of Professor E. H. Frey, rendered some of their choicest selections. The club is composed of seven ladies and six gentlemen. Mesdames Ebersole, Wells, Longworth and Peltz sang "Auntie Laurie" and were compelled to respond to an encore with "Home, Sweet Home." The readers and soloists were all fine and Professor W. W. Newcomer captivated the audience by his clever work.

It was the finest affair ever attempted by the Maccabees and those in charge of the arrangements are entitled to great credit for the success of the entertainment.

STOLE A RIDE

And the Was Confronted by a Railroad Detective.

Peter Murphy and Fred Campbell, two Van Wert young men stole a ride from Van Wert to Middle Point, Monday afternoon on a Pennsylvania passenger train No. 20, and when they got off at the latter town they were met by railroad detective, Ewing. The boys attempted to escape and Ewing in his effort to apprehend them used his revolver. A number of shots were fired and it is said that one of the bullets went through a store window.

The boys were caught, however, and taken before Mayor Goodwin, of Middle Point, where they were each fined \$3 and costs. They were unable to put up the cash and as a result were taken to the Van Wert county jail. The railroad officials are determined to break up the practice of boys stealing rides on trains.

Clever business men have long ago shown the poor policy of indifference to dress, and custom demands only a difference in style between business and dress clothes. No man is over fastidious because he requires a made-to-measure suit. He is merely a wide-awake energetic man of affairs and appreciates fully that he is a gentleman and wants to look it.

The IMPROVEMENT IN OUR FRONTS, SHOULDERS AND SLEEVESHEADS gives you that much desired, graceful, stylish effect so hard to obtain.

Suits, \$15.00 to \$45.00.
